Words of Remembrance

Lacey was fun loving, with an adventurous spirit and an infectious joy. She loved her family, her dog, her friends, and her work. Lacey loved to travel. She loved the beach, and the mountains, and top-down sunny day sing alongs in her Jeep. She had a deep appreciation for county music, rum, medical dramas, chicken Alfredo, and any kind of delivery service. She was amazingly unaware of her own talent, her own beauty, or the concept of matching in anything other than scrubs. She was the first to be there when someone needed help and the last to leave a good time.

Lacey found her true calling in medicine. Her unique brand of compassion and her innate protectiveness of anyone in need made Lacey a remarkable nurse. That legacy carries on in the lives of the patients she touched and the colleagues she trained and worked with.

Lacey is the cherished daughter of proud parents, Kim and Tim Bennefeld. Lacey is the center that grounded her sister, Leslie, and brother, Lance. She wasn't just an amazing aunt to her niece, Marley, but rather another parent as well as mother to her fur baby, Kingston.

Lacey loved her family and the time they spent together will forever be their happiest times. Despite the immeasurable emptiness without her, Lacey's family is eternally grateful for the time and memories of Lacey they are privileged to have.
